### FAMOUS Y. M. C. A. TRIANGLE AT FORT SHERIDAN

Y. M. C. A. FORT SHERIDAN.

Not only is the Y. M. C. A. doing admirable work among the American troops in France, but it is doing equally great, and at present, much more work, among the boys in the training camps in the United States. The photograph shows the famous Y. M. C. A. "Triangle" at Fort Sheridan, Ill., where many thousands of young men are under going training for service in France.

### RAILROADERS ARE LIVING UP TO BOOST WAGE

Representatives of 61,000 Firemen Meet in New York.

Allied Brotherhoods Will Demand Hundred Million Increase.

By Associated Press Dispatch.

New York, November 14.—Whether 61,000 railway firemen will join with conductors and brakemen on all railway lines in the United States in their proposal to submit demands for large wage increases will be determined at a meeting of the firemen's brotherhood to be held at Cleveland this week.

The conductors and brakemen with a membership of 175,000 are now taking a secret vote on a proposition to place before the railroads demands for increases in wages amounting to more than \$100,000,000 yearly.

The official brotherhood circular declares that: "In case the proposition is turned down by the management" a strike vote will be taken.

### TO MEET WILSON

By Associated Press Dispatch.

Washington, November 14.—Arrangements have been made for the chiefs of the four railway brotherhoods to see President Wilson, on November 24th in connection with the workers' proposal for wage increases for conductors and brakemen on all railroads.

Chairman Chambers of the Federal Board of Mediation and Conciliation, returned yesterday with the brotherhood chiefs regarding the wage increases demanded.

The new demand, the managements say, are more serious than the eight year demands of a year ago, which

threatened to tie up the railway systems.

### MEANS BUSINESS

The White House conference will consider the arbitration features of an agreement proposed in Cleveland by Judge Chambers. It is understood the labor executives are unwilling to commit their organizations to arbitration, but adjustment is hoped for which will at least for the duration of the war prevent any interruption of railroad transportation.

A letter from President Wilson to Judge Chambers made public today, said:

"The last thing I should wish to contemplate would be the possibility of being obliged to take any unusual measures to operate the railways and I have so much confidence that the men you are dealing with will appreciate the patriotic motives underlying your efforts, that I shall look forward with assurance to your success."

### INVESTIGATION OF LONGVIEW BRING RUMORS

Anxious Relatives of Inmates Being Investigators with Reports and Queries.

By Associated Press Dispatch.

Cincinnati, O., November 14.—The Longview Hospital inquiry has developed a mass of reports of cases from anxious relatives or friends who claim that they know of deaths under unusual circumstances. Friends and relatives of patients who died at Longview besieged Judge Nippert that their individual cases be included in the investigation. They are told to appear before the grand jury.

From the stories over the telephone it was indicated that the jurors will hear charges of a sensational nature. The authenticity of these recitals, however, remains to be tested.

Coroner Bauer was the first witness before the grand jury and gave his records and inferences in 18 cases of

sudden deaths he has investigated at the hospital since January 1, 1917.

### FIRST CASE

The first case to come individually under the grand jury inquiry was the death of Edgar Stewart, 47, of Maysville, Ky. A brother of the dead man appeared before the jury. He told the prosecutor that his brother died of a fractured skull.

He was taken to Longview November 1, and died November 7, the latter being the day on which Hollister was taken to the institution.

Coroner Bauer said he had received no notice of Stewart's death. He said that if the grand jury so ordered he would go to Maysville to exhumate the body.

### TWO MILLION ESTIMATED IN FIRST CLASS

By Associated Press Dispatch.

Washington, November 14.—Best available estimates indicate that the first of the five classes into which all drafted registrants are to be decided will contain more than two million men subject for duty with the colors before any man in any other class will be called up.

It is regarded as practically certain that Congress will take up the question of extending the draft law to cover men who have attained the age of 21 since it was enacted.

Should that be done and provision made for the registration thereafter of every man as he reached that age, it is probable that perhaps 600,000 would be added to class one automatically by next March.

In that event no present plans for the army would reach the men in class two.

Officials have already considered the possibility that Congress will decide to take on these additional young men.

Some fair system by which they may be registered, classified and assigned to places will be devised.

New regulation to be published shortly probably will set away in which this can be done.

British Consolidate in Flanders Sector.

Russian Situation Is Still in Doubt.

By Associated Press Dispatch.

Progress is being made by the Austro-German armies pushing south-east in the Trentino in their effort to penetrate the Italian front in the hill region and outflank the Piave line.

The advance has been materially slowed up, however, under the determined Italian resistance.

Berlin today, in reporting the capture of additional positions east of Asiago indicates fighting is going on amid the covered hills, conditions which work to the advantage of the defendants.

The most important progress claimed by the Teutons appears to have been in the Sugana valley almost due north of Bassano where the occupation of Primolano is announced in the German statement.

Further to the east the Italian line seems still to be yielding somewhat.

Failure of the German war office to mention the operation on the lower Piave in which Rome yesterday reported the crossing of the river by enemy detachments, seems to indicate that no permanent foothold on the west bank was won by the Austro-German forces.

### THE FLANDERS FRONT

On the Flanders front the British have made good their hold on Passchendaele ridge the occupation of which they virtually completed in their attacks of last week.

### RUSSIA IS DARK

The Russian situation continues extremely clouded by contradictory advices. Reports through Scandinavia today that the Kerensky forces are in control were discounted somewhat by the lack of word from the capital itself to this effect.

The last dispatches known to have come from Petrograd were sent by the Bolshevik faction, reporting its success over the Kerensky forces.

### HUNS TAKE TOWNS

(Associated Press Cable)

Berlin, November 14.—The capture by Austro-German forces of the towns of Primolano, in the Sugana valley and Feltré, west of the upper Piave river, is announced today by army headquarters.

### LIBERTY-BOND'S PRICES DROPPED

By Associated Press Dispatch.

New York, November 14.—Liberty bonds, both issues, dropped to new low records on the stock exchange today on enlarged offerings. The "fours" fell to \$99.60 and the "3½'s" \$99.10.

### LITTLE GIRL BEST LIBERTY BOND SELLER

MISS PAULINE HENKEL

To a little girl of twelve goes the honor of winning the medal offered by the United States Boy Scouts for patriotic activities. Little Miss Pauline Henkel, of New York, was presented with the medal before an assembly of 5,000 Boy Scouts in uniform at the last battleship Recruit in Union Square, New York. The little girl has sold \$25,000 in Liberty Bonds through a personal canvass, has been knitting for the soldiers and sailors for the past six months and has formed bag clubs in public schools.

Selling of the bonds was attributed to the greater necessities of holders, resulting from losses in stocks and other securities.

Later the fours dropped to \$99.36. The Liberty three and one half's fell to \$98.98, equivalent to a discount of \$1.02 on a \$100 bond.

### TURKS WITHDRAW

(By Associated Press Cable)

London, November 14.—The Turkish forces in Mesopotamia, having withdrawn 30 to 50 miles north of Tekrit, the British returned to their original positions according to the plans made before the Tekrit advance, says an official statement issued today.

### OFFICIAL RETURNS GIVE WETS 1137 LEAD IN VOTING

By Associated Press Dispatch.

Columbus, O., November 14.—Complete official returns from each of the 88 counties received by the Secretary of State today showed the wets were victorious last week in Ohio by 1137 votes.

The official wet vote was 523,727 against 522,590 for the dries.

Trumbull county's official returns were returned to that county for correction of a minor error, but the above result will not be changed by more than a few votes, if at all, it was stated.

### ACTUAL CONDITIONS IN RUSSIA UNKNOWN

### VILLA TROOPS CLASH WITH LOYAL FORCE

No Machine Guns or Artillery Used. Rifle Fire Heavy.

By Associated Press Dispatch.

Presidio, Texas, November 14.—Fighting between Villa forces and Mexican government troops began at Ojinaga at 5:20 a. m.

The attack started from the southwest and grew gradually with the approach of daylight into a constant fire of rifle shots.

No artillery, machine guns or hand bombs were used in the first attack.

American patrols are guarding the ford opposite Ojinaga, it is reported, and bullets are flying on the American side of the Rio Grande.

### DRIVEN OFF

By Associated Press Dispatch.

Ojinaga, Mexico, November 14.—After two hours of fighting early today Villa's troops were driven away from this town by the Mexican government forces under General Cordova. This was officially announced at the military headquarters here.

### THE "Y" FUNDS ARE GROWING

By Associated Press Dispatch.

New York, November 14.—Contribution to the big Y. M. C. A. war fund topped the \$10,000,000 mark today.

Based on telegraphic reports from all sections of the country to the National War Work Council of this city, up to noon, the official estimate given out was \$9,900,000.

In addition to this there were several large subscriptions which brought the total for New York and country at large to \$10,000,000.

### UNCOMMUNICATIVE

By Associated Press Dispatch.

Cleveland, O., November 14.—W. G. Lee, president of the Brotherhood of Railroad Trainmen, when asked what position the trainmen would take in reference to arbitration of all questions of controversy during the war, declined to discuss this subject until after the meeting with President Wilson, but did intimate strongly that his organization was unqualifiedly opposed to the plan of arbitration provided in the Newlands law.

Finnish Telegraph Bureau States Kerensky Is Now in Petrograd.

General Kaledines Reported Dictator in Southern Russia.

(City Associated Press Cable)

London, November 14.—The Finnish telegraph bureau says the whole of Russia except a small part of Petrograd is in the hands of the provisional government.

Premier Kerensky is now in Petrograd and has taken virtually the entire city, the announcement of the Finnish telegraph bureau says.

The bureau says Moscow is the headquarters of the provisional government and that Premier Kerensky has issued orders which have appeared in the Petrograd papers. The anti-Bolshevik papers of Petrograd as well as the Helsingfors have headlines announcing the Bolshevik is nearing its downfall.

General Kaledines, the Cossack leader, is said to be dictator of southern Russia.

The orders of the provisional government are signed by Kerensky, Kaledine and Korniloff.

### STEUBENVILLE MENACED BY I. W. W. FORCE

Armed Guards Thrown Around Coal Mines. Federal and State Officers Investigate Fires.

By Associated Press Dispatch.

Steubenville, O., November 14.—Armed guards were today thrown around the coal mines in the southern part of Jefferson county as the result of an I. W. W. outbreak earlier in the week.

Federal and state officers have instituted an investigation.

The first fire occurred Monday night when the store of the Great Lakes Coal Company at Robeyville was burned and an effort made to burn the company's stables, which had been sprinkled with gasoline.

Fire at the fan house of one of the big mines was discovered in time to save the property and loyal employees later prevented the powder magazine from being exploded.

Residents of the mining section say I. W. W. orators appeared there several weeks ago and many inflammatory speeches were delivered to the miners.

## TEAMS BUSY ON \$10,000 "Y" WAR FUND

Busy, Patriotic Men "Go Over Top" Today in Effort to Maintain Historic Patriotism of Fayette County in Raising War Fund to Make Life Easier for Soldier Boys.

Bright and early Wednesday morning more than three score men who form the teams to participate in the drive for the \$10,000 Y. M. C. A. war fund in Fayette county "went over the top" in the individual work necessary to win the drive, and are now doing their part in the nationwide campaign for funds to help make the soldier life easier in the camps in this country and in France.

There was a noticeable increase in the enthusiasm at the Y. M. C. A. Tuesday night, where formal organization was perfected, and some 2000 names were divided up among the workers, who are to call on virtually every citizen in the city and county during the week.

The six teams so far thrown into the drive are captained by Hon. Frank C. Parrett, Ed Ellis, T. H. Craig, M. E. Hitchcock, Howard Hogler and Frank Christopher.

Each night at seven o'clock the workers will assemble at the Y. M.

## SOUTHERN BOYS VICTIMS IN CLASH WITH HUNS

PRIVATES GALLAGHER & GIVENS

Private Daniel B. Gallagher, of West Blocton, Ala. (left), and Private Homer Givens, of Cloverdale, Ala., two American boys mentioned in the first roll of honor dispatches from Pershing's headquarters in France. Young Gallagher was one of the most youthful in his outfit. Givens, only eighteen years old, joined in October, 1916, and was in France only two months. The former is mentioned as being among the missing or captured; the latter was wounded.

C. A. for the purpose of making reports, checking up and making plans for the next day.

Persons who are missed by the workers are invited to leave their contributions at any bank in the county and the funds will be turned over to the proper persons and go into the big war fund which is being raised throughout the country this week.

The historical patriotism of Fayette county citizens demands that every dollar of the \$10,000 allotted to this county, be raised, and the patriotic men now engaged in the work expect to meet with ready response on all sides.

One man when approached early Wednesday morning, who is in very modest circumstances, gave \$10 and stated that "who knows, I may be one of the soldiers who will reap some of the benefits of this money." He was aware of the fact that the war is not over, and that Fayette will, in all probability, be called upon again, and again, and yet again, for quotas of men to go into military forces which will be necessary to overcome the common enemy.

The realization of the great need of the Y. M. C. A. war funds is expected to loosen the purse strings of citizens as never before.

## CHILDREN'S HOME SOCIETY'S WORK

Mrs. E. M. Bennett, field agent of The Children's Home Society of Ohio is in this city at the present time, making her annual visit to obtain funds for conducting the work.

Mrs. Bennett states that during the past year 132 children have been placed in suitable homes, and that the year previous 79 children were placed in homes.

The object of the society is to place dependent children in good private homes. In the past six weeks five homes have taken two children each.

## HOG STEALING CASE THURSDAY

In the common pleas court Thursday morning the case of Ohio against Reynolds Davis and others, indicted for stealing hogs from farmers near this city, will be taken up before Judge Carpenter and the petit jury.

Davis was arrested upon affidavit filed by Jerome Taylor, and was later indicted. It is believed that some intensely interesting testimony will be offered in the case, the result of which will be watched with a great deal of interest.

Tell's How Tanlac Helped Her and Says Her Work is a Lot Easier Now Than Before.

"Tanlac has strengthened me and bettered my health in every way and I'm glad to give it the praise it deserves," said Mrs. Tessie Parks, 1063 High street, Hamilton, O.

"I used to be nervous and I felt weak in my limbs nearly all the time," Mrs. Parks continued. "For a long time every night I couldn't get to sleep and as a result I wouldn't feel rested when I got up in mornings. My stomach seemed to be out of order, too, for I never had any appetite at breakfast time. My work was getting hard on me."

"I read so much about Tanlac in the newspapers that finally I decided to try it. I'm certainly glad now that I did for it has strengthened me and bettered my health in every respect. I have a fine appetite and I sleep soundly every night. My work doesn't seem hard like it used to."

Tanlac is a vegetable tonic and it has been prepared especially for you if your system is run down and you don't feel right. Get Tanlac today and improve your health. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store, or C. S. Haver's drug store—Advt.

## AMERICAN LABOR TO PLAY IMPORTANT PART

(By American Press)

Buffalo, N. Y., Nov. 14.—Delegates to the American Federation of Labor in convention here are preparing to launch a determined effort to obtain for the American workman a large voice in the conduct of the war. Resolutions are ready for introduction, declaring for adequate representation for labor on all government commissions having to do with the numerous industries essential to the production of war materials. The delegates backing the movement declared they were body and soul behind the administration in carrying the war to complete victory.

The element reporting the resolution is merely taking advantage of the president's statement that "while we are fighting for freedom, we must see that labor is free."

## KENTUCKY'S COAL

(By American Press)

Lexington, Ky., Nov. 14.—The annual report of the state mine inspector, C. J. Norwood, states that Kentucky produced 25,292,767 tons of coal in 1916, an increase of nearly 5,000,000 tons over the previous year. The report states that Kentucky now ranks fifth among coal producing states, having approximately 500 coal mines, which employ about 35,000 miners.

## MORE PROPAGANDA OF GERMANS SAYS SECY'Y TUMULTY

For the past two weeks an ever growing rumor has been current in this city and county, and in fact throughout most of the country, to the effect that President Wilson's

private secretary, Joseph P. Tumulty, was confined in Leavenworth prison as a German spy.

Only Tuesday of this week The Herald asked the Associated Press to verify or ascertain the falsity of the story.

The following Associated Press dispatch tells the story:

"Washington, November 13.—Joseph P. Tumulty, Secretary to the

President, issued the following statement tonight:

"For several days friends have written, telegraphed and telephoned me from all parts of the country stating that rumors are being assiduously spread alleging that I have been imprisoned at Ft. Leavenworth."

"All sorts of fanciful tales are being passed from mouth to mouth by innocent persons who are the victims

of a systematic and insidious propaganda to weaken confidence in officials of the Federal Government.

"(Officials of the Department of Justice are investigating the origin of this conspiracy to determine who have been guilty of actually starting this falsehood.)"

"It is known here that Tumulty at this time is particularly in the confidence of the President."

Announcement has been made by Major General and Mrs. E. F. Glenn of the engagement of their daughter, Miss Edwina Glenn to Captain James A. Garfield, Adjutant of the 322nd Field Artillery. The marriage will be solemnized either in Camp Sherman or Chillicothe.

Miss Glenn was graduated from Miss Porter's school in Farmington, Conn., later entering Pratt Institute, where she took a special course in literary work. Miss Glenn, prior to coming to Chillicothe, where she has given invaluable service in supervising the cataloging of volumes for the Camp Sherman library, was a senior assistant in the New York Public Library.

Captain Garfield is the son of Mr. and Mrs. James R. Garfield of Cleveland and Mentor and the grandson of President Garfield.

She was graduated from the Taft School for Boys in 1912 from Williams College in 1916, receiving a bachelor of arts degree cum laude, and last year attended Harvard Law School. She is a member of the Alpha Delta Chi fraternity.

No date has been set for the wedding.—The Cincinnati Tribune.

The Daughters of the American Revolution are cordially invited to attend the silver tea given by Mrs. James A. Crawford Thursday afternoon at 3 o'clock at her home on North North street, in the interest of the Daughters' Hostess house at Camp Sherman.

Each Daughter is asked to bring her knitting and a silver offering.

There was an unusually good attendance and spirited discussion at Tuesday night's Browning club meeting in charge of the history department, Mrs. Ethel Jackson, chairman.

There was also prompt response to the call of the President, Mrs. Martha E. Mark, for current events.

"Y" RESCUES PIECE OF  
HUMAN DRIFTWOOD  
IN CAMP SHERMAN

Camp Sherman, Chillicothe, O., November 14.—Among the human driftwood that was carried into Camp Sherman by the draft was a cocaine user who was taking his eighth "shot" a day. He was so "jumpy" that his officers, after a week's intensive effort, gave up hope of "bringing him back."

"See if you've a shot in your locker that'll reach him," his lieutenant asked Y. M. C. A. secretary C. W. Beeching. "I'm at the end of my rope."

The "Y" man became his pal and in four days managed to get his entire supply of "coke." He seemed to be easing off rapidly until two friends came to camp to visit him two days later. They slipped him more of the stuff and he was off again. Three days later, however, he hunted up Beeching and, handing him a small bottle of the dope, said:

"Smash that for me. I haven't the heart."

Things went well with him for nearly a week until his friends came again and slipped him more of the stuff. He hurried the supply straight to Beeching and turned it over to him untouched.

"Have me put in the guard house right away," he said nervously. "I've got a chance now to break clean away from it."

He spent 16 days in the guard house. He fought the terrible fight and won. He came out 25 pounds heavier than he was, with a clear eye and a new confidence.

Now he's one of the most promising men in his company, which is composed of northwestern Ohio men.

MILITARY TRAINING

The military training battalion at Ohio Wesleyan University will soon be outfitted in regulation uniforms, which will be worn on military days and in all parades and drills. The officers are now wearing uniforms.

NO TREES ARE  
LEFT BELGIUM  
BY GERMANS

(Associated Press Correspondence)

Paris, November 14.—It will be a treeless Belgium to which the people of that unfortunate country will return, if its invaders are not driven out before they have completed their work of devastation. Factories have been despoiled of their machinery, every form of property has been requisitioned, and now woods, forests and even individual trees are being cut down wholesale. The wooded heights of the Belgian Ardennes, which used to protect the center of the country from east winds, are rapidly being denuded, the tall elms that lined the high roads and canals have been felled, and walnut trees that adorned the gardens of the well-to-do in Brussels have not been spared.

In the early days of the occupation, the Belgian State Forest Department was allowed to supervise the work of felling and to see that it was scientifically conducted, but after a few months the Germans took over the direction of the Department and observed only one rule—to obtain the greatest amount of wood for military purposes in the shortest possible time.

The Belgian government has been able to learn details of the work done, such as that a thousand acres have been cleared in the Hertogenwald (Lige) and felling continues there, the fir plantation "Fays de Lucy," the finest in the country, has been completely razed, and the magnificent forests of Soignes, south of Brussels, is rapidly disappearing. These are only examples of dozens of similar cases which are known and to this devastation must be added the consumption of wood by the native population which for three years has been unable to import any and has had to use quantities instead of coal.

Serious consequences from every point of view, health, climatic and hydrographic are expected from this wide-spread destruction of woods and

forests, if it continues another year or two.

JUBILEE FUND GROWS

Ohio Wesleyan's campaign for a million dollars is gaining momentum. In the fourth week subscriptions coming in averaged more than a thousand dollars a day. The total received is now \$301,416.69.

The gifts range from one dollar to five hundred. Many larger gifts are expected in the near future. Only five more weeks are left in which to complete the million.

CHANGE OF HOUR

The hour of the silver tea which Mrs. James A. Crawford gives to the Daughters of the American Revolution, Thursday afternoon has been postponed from 2 to 3 o'clock.

FRIENDSHIP FUND

Students of Ohio Wesleyan University have subscribed \$4,700 to the friendship fund of the Army Y. M. C. A. The money will be used for pri-

son camp relief, regular "Y" work, building of hostess houses and other war activities. It took only fifteen minutes to raise the money.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure emetic, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat over and bowel complaints with calomel, his efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why are the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

## Italy Stiffens Up

Later reports from Italy are more encouraging. Having reached the banks of the Piave, affording strong advantages to the hard pressed army in its fight of defense against the invaders, and reinforced and "heartened" by the coming of British and French, the Austro-Germans are confronted by conditions decidedly different from those which obtained on the Isonzo front and during the retreat across the Tagliamento.

The attempts of the invaders to outflank the defending army have not worked out according to plans.

Every precaution possible is being taken, however, to preserve the rich art treasures of Venice from the Huns and Vandals should the beautiful city of song and romance, by any disasters fall into their possession.

It is early yet to predict the outcome of the desperate fighting now raging along the Piave but the chance of Italy to turn back the hordes seems better—much better—than it did only a few days ago.

## Y. M. C. A. in War

We all understand that the co-operation of the Y. M. C. A. with the national army is a great added moral force, of inestimable benefit to the men in the army—the individual home boys whom we know and love.

We know and, at least partially, appreciate too, that the Y. M. C. A. is a great aid to the comfort and happiness of the boys—our boys—in camp life and in active army service; that it is the great firm link which holds the army and the home life together.

We can't fail to understand either, when we stop to think about it, that active service among two millions and more men means a heavy increased burden on the Y. M. C. A. organization.

But do we grasp that great big underlying purpose and service of the Y. M. C. A. which is not so generally known and appreciated, the purpose and the services which impels the war department to work in harmony with the "Y" and urge the expansion of its influence to every field of action in the service of the army and navy not only with the American forces, but with every force of every nation with whom we are allied in fighting the war for humanity.

The Y. M. C. A. is not only ideally good in preserving the moral fibre. It's a practical, efficient fighting unit in the biggest broadest sense. It keeps the soldier fit, it keeps him contented, happy and encouraged. It fires his highest ambitions and makes him the best of fighting men. An understanding happy and moral soldier is what the army needs.

The nation can't be defended by downcast, discontented, hopeless and aimless fighting men, no matter how brave they are physically. They must have a heart in them—they must see the light and have it always with them.

The Y. M. C. A. brings the soldier's home to him on the field of battle—it keeps him encouraged, never permits him to be down hearted.

That's what the Y. M. C. A. does and that's why the war department has recognized it and made it a part of our fighting force.

Suppose the brave but discouraged soldiers of Russia had a Y. M. C. A. There might be a different aspect to the news today.

## A Real Interest

Once before during the progress of the first liberty loan campaign attention was directed to the worth of a large general subscription to the liberty loan bonds and the wisdom of the treasury officials in encouraging the small investors of the land, even at the expense of disappointing some of those who were anxious to make heavy individual subscriptions.

The fact that something like, speaking in general figures, ten million American citizens subscribed for the second bond issue is a wonderful testimonial to the patriotism of the people.

Above all that, however, is the enduring corner stone it places under the governmental structure.

A republic free from the domination of king or emperor, free of a ruling class and threatened by no strong army, the government is just as strong as the public sentiment which supports it. Free people are governed by public opinion.

The republican form of government is now undergoing the supreme test. France rallied to the call for national defense and sent forward her sons to the defense of her government—the government of the French people. It was not a government of the privileged classes which Frenchmen rallied to defend, but their own. The French people themselves have furnished the finances for their government. They had and interest in its preservation.

The United States has now, in control of the government, that great middle class which makes free institutions possible.

Ten million and more citizens now have an actual financial interest in the biggest and richest free nation on earth and it's a good investment from every standpoint.

## Poetry For Today

WHAT CAN I DO  
FOR MY COUNTRY?

What can I do for my country?  
 Why, a soldier, my friend, you can be;  
 Whether you serve on land, in the home,  
 Or whether you fight on the sea.  
 If a man you can give your lifeblood  
 To keep your flag in place;  
 Look high to the God above you—  
 And pray for each land and race.  
 Think not of America's freedom alone  
 But want every nation free;  
 Let the rights of one be the rights of all.  
 None oppressed by tyranny.  
 The stripes that create our banner  
 Show peace and bravery twined,  
 And the stars that shine from our glorious flag  
 Prove us brothers to mankind.  
 As the stars in the heavens give light to the world.  
 May our emblem here below  
 Mike bright the hearts of free-born men  
 And guard them from the foe  
 If a woman, my friend, show your courage,  
 Be a soldier in your heart:  
 Be willing for father and brother  
 Or dear one to do his part.  
 Many can aid the wounded,  
 Nurse and minister, too—  
 The one to ease the body,  
 The other the soul renew.  
 If a child, my friend, bring a smile and a word,  
 Warm hearts that might tend to grow cold;  
 Help other to bear their burdens,  
 Be a soldier to young and old.

## WAR INSURANCE IS EXPLAINED TO OHIO'S SELECTS

(Associated Press Correspondence)  
 Camp Sherman, Chillicothe, O., November 14.—Soldiers at Camp Sherman are hearing explanations of the operation of the new law governing war risk insurance, which officers here are anxious to see every draftee carry as a protection to his family and relatives.

Compensation under the new law is payable for death or total disability resulting from personal injury in the line of duty. It is paid by the government without contribution from the person protected.

In case of death, the compensation to the family of a draftee is limited to the widow, children or dependent widowed mother of the deceased.

The monthly sums payable in each case are stated and are not based upon the pay of the deceased:

- (a) For a widow alone, \$25.
  - (b) For a widow and one child, \$35.
  - (c) For a widow and two children, \$47.50, with \$5 for each additional child up to two.
  - (d) Of there be no widow, then for one child, \$20.
  - (e) For two children, \$30.
  - (f) For three children, \$40 with \$5 for each additional child up to two.
  - (g) For a widowed mother, \$20.
- The amount payable under this subdivision shall not be greater than a sum, which when added to the total amount payable to the widow and children, does not exceed \$75.
- Compensation to a widow or widowed mother shall continue until death or re-marriage. Compensation to a child ceases at the age of 18 or at marriage, unless the child is incompetent.

The government also provides for the burial expenses, not to exceed \$100.

During the continuance of total disability, monthly compensation shall be paid to the injured person. The amounts are not based on pay, but are as follows:

- (a) If he has neither wife nor children living, \$30.
  - (b) If he has a wife but no children living, \$45.
  - (c) If he has a wife and one child living, \$55.
  - (d) If he has a wife and two children living, \$65.
  - (e) If he has a wife and three or more children living, \$75; \$10 for each additional child up to two.
  - (f) If he has no wife but one child living, \$40, with \$10 for each additional child up to two.
  - (g) If he has a widowed mother dependent upon him for support, then in addition to the above amounts, \$10.
- To an injured person who is totally disabled and in addition is so helpless as to be in constant need of a nurse or attendant, such an additional sum shall be paid but not exceed-

ing \$20 a month, as the director may deem advisable or reasonable. For certain specified conditions or if the injured person is permanently bed-ridden, \$100 monthly compensation is provided, but no allowance made for a nurse.

The amount of compensation is case of partial disability is a percentage of the compensation provided for total disability equal to the reduction in earning capacity resulting from similar injuries in civil life.

Attention is also called to the provision that the government shall furnish medical, surgical and hospital service and supplies in addition to the pecuniary compensation.

## WITHDRAWING DEPOSITS

(By American Press)  
 Washington, Nov. 14.—Heavy withdrawals of bank and postal savings deposits by aliens in some localities caused Mitchell Palmer, alien property custodian, to issue a formal statement reiterating assurances that the government has no intention of interfering with money or property of Germans or citizens of countries allied with Germany living and doing lawful business in this country. Mr. Palmer said many published statements regarding this matter had been so misleading as to give rise to fear that they may have originated in a deliberate wish to disturb and injure American business interests.

## FRENCH MINISTRY IS AGAIN MIFFED

(By American Press)  
 Paris, Nov. 14.—The ministry resigned last night. The resignation of the ministry followed its defeat in the chamber of deputies by a vote of 277 to 185.

Professor Paul Painleve organized the cabinet on Sept. 14 and succeeded Alexandre Ribot as premier, whose ministry resigned Sept. 7. The new cabinet, which originally consisted of 15 titular ministers, four ministers of state and 11 under secretaries, came immediately under the fire of the Socialists, who were opposed to M. Ribot as foreign minister. This cabinet resigned on Oct. 22, but President Poincaré refused to accept the resignation on the ground that the chamber had voted confidence in the ministry. M. Ribot was then eliminated from the cabinet, being succeeded by J. Louis Barthou as head of the foreign office.

## IRISH HARVEST IS EXCEPTIONALLY GOOD

(Associated Press Correspondence)  
 Dublin, October 30.—According to the Department of Agriculture, the Irish harvest is now all safe and has proved very good. Potatoes have been a splendid crop and oats, wheat and barley show good results. Nearly three-quarters of a million additional acres were brought under tillage during the year. There was no shortage of labor anywhere and Ireland will have plenty of food for herself and for export.

William Fox Presents the Greatest Actor on the Screen

## WILLIAM FARNUM

in an adaptation of Larry Evan's Saturday Evening Post Story "The Painted Lady"

# "When a Man Sees Red"

Positively the greatest photo-drama ever presented in this city. Direct from a successful run at The Colonial Theater, Columbus, Ohio. You've seen Farnum in "The Spoilers", "The Conqueror", "American Methods", "The Plunderer" and countless other successes. Now we see him in his masterpiece. A story with a character that no other screen artist but Farnum could enact, a character that will live in your mind a long time. You remember the famous fight scene in "The Spoilers"? The greatest fight scene ever filmed, well, it is a pink tea, compared with the bloody battle that is staged in this superpicture "When a Man Sees Red" is a real picture. Wm. Farnum is a real star. "The Painted Lady" is a Real Story and Wm. Fox a real Producer. That's enough.

Before the game the Wesleyan students will put on a great parade. There will be twenty-five floats all worked out into a great patriotic scheme. The university battalion and men from the cantonment will march.

The Red and Black warriors are working hard in preparation for the football game. Both teams have been defeated by Miami in real contests and should put up great battle. Denison has failed to win from Wesleyan in that past three years.

The festivities of homecoming will end with a great rally at Monnet Hall in the evening.

### ANSWERS LAST CALL AFTER LONG ILLNESS

Mrs. Mary Byers Day aged 69 years passed quietly away Tuesday afternoon at one o'clock at the home of her son, Mr. Harry O'Brian, on Market street.

A fine type of Christian woman, Mrs. Day's death will be learned with deep regret. For some time she has been in poor health and the courage and cheerfulness with which she bore constant pain only endeared her the more to those around her.

Besides the son two grand children George and Bernice survive a devoted grand mother.

Funeral services will be held Thursday morning at 10:30 o'clock the Frankfort M. E. Church.

### PAGE TOO FAST FOR THE OLD WAY

"The time has gone by when one gets much good from a sale bill posted along the road," declared a prominent Wayne township farmer this week.

"Now-a-days the bulk of the people travel in automobiles, and go too fast to pay any attention to sale bills posted along the roadside, depending almost altogether on the bill of sale as carried in the paper," concluded the farmer, putting to rest the ancient declaration that, "he who runs may read."

### ROMANTIC STORY OF ELOPERS IS SPOILED BY THE REAL FACTS

Regarding the "elopement" of Lester Estle, of this city, member of Company M who is said to have been absent without leave when the company sailed for France, and a girl from "Cynthiana, Ohio," a dispatch from New York spolls the pretty romance outlined by the girl and also brings to light the fact that Estle claims to have forwarded his discharge papers to his father in this city.

The latest dispatch regarding the couple reads:

"New York, November 13.—Helen Viola Bolce, sweet sixteen, has imagination. When she and Lester Estelle were arrested at No. 12 Burdette street, Jamaica, last Thursday they told a fairy tale about having eloped from a farming town near Cincinnati. Both Helen and Lester vowed they had tried and tried, all the way from Cincinnati to Jamaica to get married. They really did try to get married at Jamaica and a minister they visited spoke of them to Mrs. Lucille B. Frederick, secretary of the Bog Sisters' association. She had Lester arrested and later discovered that Helen's home was at 2577 Pitkin avenue, Brooklyn. Helen it developed, went to Camp Mills to see a Brooklyn beau and transferred her affections to Lester. Lester told Magistrate Miller he had been honorably discharged from his regiment, part of the Rainbow division, but had sent the papers to his papa, a farmer, at Washington Courthouse, O."

### 50 CORN HUSKERS WANTED AT ONCE

The Fayette-Clinton employment bureau wants 50 to 75 corn huskers at once, and can give good places to this number as speedily as they apply having requests from farmers all over the county who are anxious to have their corn husked before bad weather begins.

The office of the Bureau is in the courthouse, and no charge is made for furnishing employees or for finding work for those who want work.

Regardless of the demand for labor, it is not an uncommon sight to see a half score of loafers on a single street corner, or about the usual loafing places.

Buenos Ayres, Nov. 14.—Holland has asked to be permitted to ship 500,000 tons of the next wheat harvest and Spain has asked permission to ship \$25,000 tons of the same harvest. The government has authorized the exportation of corn without restraint if home necessities are met first.

### 1 SELECTS READY FOR WAR IN 4 MONTHS

French Officers Greatly Pleased With Training Given Men at Camp Sherman. Men Are Anxious to Go.

By Associated Press Dispatch. Camp Sherman, Chillicothe, O., November 14.—It is the opinion of French officers now here as instructors that Camp Sherman's army of Ohio and Western Pennsylvania selective draft soldiers will be ready for foreign service in four months.

While that does not necessarily mean that the Eighty-third Division is to move sometime in March or that the men will be ready for immediate action, it does mean that the men will be ready so far as work that can be done on this side of the Atlantic is concerned.

The impression prevails among officers here that there is strong probability of a spring movement. While there is nothing to back that belief save "impressions," it nevertheless is the feeling in camp. Incidentally, the intensive training program of 16 weeks that started in October will be finished in February and thereby may hang a tale. It is not reasonable to suppose that the men will be moved from here earlier than early spring, and it is reasonable to suppose that they will leave here when weather conditions, training seasoning and preparations are more favorable than could possibly be expected in four months.

Once in France the selects will go through another and very rigid course of training under leadership of the French and English officers just as has "Black Jack" Pershing's expeditionary force. By late summer or early fall, these National Army troops would be ripe to spring in and take part in the great battles that have been waged in the three years and more of war—and not be forced to go through a winter of comparative inactivity.

Camp Sherman's population of 36,000 is ready for the call whenever it comes. If there ever was a bunch of men anxious to get "over there" it is this bunch in Camp Sherman. Now that they are on to the rudiments, talk of "moving" is becoming more and more prevalent. Each week brings increased interest in the doings in France and along with it, increased interest in the war game.

Practically every infantryman has had his turn at trench digging. That means the great majority of four regiments of infantry and nine depot or training battalions, or more than 15,000 men have learned what "digging in" means. They know how to construct trenches that they are very soon going to live in and they have learned what trenches are like, what parapets are and the many other things that one reads of in European war dispatches, but never sees in this country.

Nearly all battery members of the two light field artillery regiments have practiced fighting formations about three-inch field pieces and they have had a turn at handling, studying and being around pieces that re-

semble very much the famous French 75's that they are going to turn on the Hun before many months.

Men in the heavy artillery have taken a swing at fixing gun emplacements and pits and are anxiously awaiting the arrival of some Russian guns that this week's announcements have on the way here.

French officers and non-commissioned officers have put in their first week helping along with the training. The rudiments of automatic rifle have been taught. A grenade field has been mapped out and trenches made in it. Field fortifications have been explained to many. Bayonet exercises have been taken up by a number. Bomb throwing is being improved upon. Organizations are becoming more complete in make-up with appointments of many non-commissioned officers and addition of new men.

### NEW COAL CONCERN SELLS TO PUBLIC

The new coal company, recently organized in this city, is now selling coal to the public in general, doing a regular retail coal business, and at present is weighing the coal at the Henkle scales, on South Main street.

Coal is coming in to various retail dealers and is going out rapidly to those short of fuel.

## More than a Rental Battery

It's more than a rental battery that you get when you bring your battery to us for repairs.

It's more even than a fully-charged Willard Battery to fit your car.

What we actually give you is the use of your car while a vital, necessary part is being repaired.

That is what Willard Service does for you. That is one of the things that makes Willard Battery service complete.

Next time you're in, ask us about the Still Better Willard with Threaded Rubber Insulation. It is of interest to every car owner who wants the most economical battery he can buy.

## WORK OF THE BRITISH ON THE EUPHRATES IS BEGINNING TO COUNT

(Associated Press Correspondence.)

London, October 30.—The occupation of Ramadie has carried the British Mesopotamian army some thirty miles upstream from its previous outpost at Feluja. This is the distance measured as the crow flies, but it is nearly double that distance by the winding Euphrates. The British convoys, though moving by day, pass each other in the darkness of a London fog, and the white dust which covers the faces of the Arabian porters gives them the ashen complexion of circus clowns.

On the right of the Euphrates the flat alluvial soil of the delta is left behind and one comes to the first low dunes and pebbly ridges, while the roads are better and easier. It was on ground of this nature that the

## 90 PER CENT OF ALL CAMP LETTERS ARE FROM THE Y. M. C. A.

Camp Sherman, Chillicothe, O., November 13.—Ninety per cent of all outgoing mail at the big camp post office is mailed through the Y. M. C. A. building post office, according to Charles S. Gregg, postmaster. Records at the camp post office show that in October 1,300,050 pieces of outgoing first-class mail passed through the post office. Figures submitted to him by D. C. Weist, secretary in charge of army Y. M. C. A. work, showed that the mail boxes in the ten "Y" buildings received 936,814 pieces of first-class mail during that same period.

"Practically all of the mail deposited at Y. M. C. A. buildings is written there where the boys can get their stationery without cost," said Postmaster Gregg. "If the Y. M. C. A. did nothing more than encourage the boys to write letters home, it would be worth all that it is costing."

The bulk of the parcel post packages, which are mailed at the Y. M. C. A. buildings in drayload lots, literally, comes through that source, Postmaster Gregg said.

The postcard business, too, is brisk. One of the Y. M. C. A. brigade buildings which opened its doors this week, reported that 15,000 postcards were mailed there that day.

## YOUNG WOMAN DIES OF DREADED TYPHOID

After a brave struggle with typhoid fever Miss Lela Combs, daughter of Mr. and Mrs. Alex Combs answered the eternal summons Tuesday, at midnight at her home near Jeffersonville.

Miss Combs a graduate of last year's class of the Jeffersonville High School, would have reached her 21st birthday next month and her youth and attractiveness adds to the sorrow occasioned by her death among a large circle of friends.

Besides the sorrowing parents, two brothers, Nye and George, at home mourn the loss of an affectionate sister.

Funeral services will be announced later.

## NEIGHBORS MAKE RAPID HEADWAY

Neighboring counties are making much more rapid headway in the Y. M. C. A. war fund subscription than Fayette.

## GUARD BARN OF THE AKRON CAR COMPANY

By Associated Press Dispatch.

Akron, O., November 14.—The car barns of the Northern Ohio Traction Company were under heavy guard of

picket of union men today, following the vote yesterday afternoon to reject the company's latest proposal.

Mayor W. J. Laub conferred with the union executive committee late yesterday but reached no basis for a compromise. He urged a settlement saying that business in general and particularly war work was being interfered with.

## VOCATIONAL TRAINING PLANS ARE PRESENTED

By Associated Press Dispatch.

Columbus, November 14.—Dean Alfred Vivian of the College of Agriculture, Ohio State University, and T. Howard Winters, of the state de-

partment of public instruction, have gone to Washington to submit to the federal authorities for approval the plans prepared by the state board of education for vocational training in the public schools of Ohio. Such approval must be obtained before federal funds are available for use of the Ohio authorities.

## 31 MILITANTS ARE GIVEN SENTENCES

By Associated Press Dispatch.

Washington, November 14.—Thirty-one militants of the Women's Party were today sentenced to serve jail terms ranging from six days to six months in default of fines for picking the White House yesterday.

Miss Lucy Burns, vice-chairman of the party, was sentenced to three months for each offense. Mrs. John Winters Brannan, of New York, got 20 days for each offense. Both previously had been released from jail sentences by Presidential pardon.

Mrs. Mary A. Nolan, the 78 year old militant of Jacksonville, Florida, was sentenced to three days for each offense.

All others got terms of 15 days for each offense.

## NO PROPOSALS YET PRESENTED

(By Associated Press Cable)

Amsterdam, November 14.—Austrian newspapers print a statement from the official news agency pointing out that neither Vienna nor Berlin has received an actual peace or armistice proposal from the Russian government and as long as the new rulers of Russia do not submit proposals the central powers dare do nothing in the matter, according to a dispatch from Vienna.

## BULK Foodstuffs

The Federal Food Commissioner is endeavoring to reduce the price to the consumer on all foods; is recommending to us that we reduce delivery, and credit expense to the lowest possible point, and that we urge our customers to use, where possible, bulk foods, so that the cost of package and the labor necessary to prepare the package be saved to them. We believe this is right and that it will result very favorably in helping to reduce the present cost of table necessities. The government don't want to skimp you on your necessary food supply, but they do want to cut off the expensive frills that do not in any way enhance the value of your foods. For instance, it costs about two cents to put rolled oats in a package, in buying bulk oats you save that two cents and the food value of the same amount of oats is obviously the same.

### Buckwheat Flour

Selected buckwheat, carefully cleaned and ground on old fashioned burrs. It is a delicious and nutritious article of great food value.

3 pounds for 25c

### Whole Wheat Flour

Finest Fayette county wheat, carefully brushed and washed, and ground for us on the newest style stone burrs, this flour comes to you with all the nutriment and health giving bran that the wheat grain is endowed with; nothing is discarded, nothing is wasted.

3 pounds for 25c

### Rolled Oats

The best quality of rolled oats obtainable; you can buy no better oats at any price.

3 pounds for 25c

### Fruits and Vegetables

The use of these is also urged by the government, in their effort to reduce the home consumption of wheat and meat. We have for your orders, parsnips, carrots, turnips (extra fancy), lettuce, head lettuce, apples, grapes, oranges, bananas, cauliflower, spinach (very fine), endive, cabbage, in fact every thing good the market affords.

## "RAINBOW DIVISION" IS PROPERLY NAMED

How the army division trained at Camp Mills, Mineola, L. I., received the appellation "Rainbow Division" is a point upon which discussion is still raging. It seems most probable that it was given it by a newspaper man. But, however that may be, Carle Leammle, president of the Universal Film Mfg. Co., has taken it upon himself to explain why the name of "Rainbow Division" is so appropriate for this army that is so soon to take its place on the battlefields of hard pressed France. Very fittingly he finds the analysis in the book of Genesis, chapter 9: "The sign of the Covenant of Old, after the Deluge, that the Earth Shall never again be destroyed, was a Rainbow in the Heavens."

"This famous division," says Mr. Laemmle, "arches the Atlantic with warriors from twenty-seven states of the Union to save Democracy. After the deluge of horror and misery that has been flooding Europe for three terrible years, there comes into the sky of hopeful humanity, the Rainbow Division of Expeditionary Forces that the earth may not be destroyed, and that it shall be made safe and kept safe for women, children and decent men."

So much for the name. But that is merely the start. Mr. Leammle conceived the idea of bringing to every view of every one of the 30,000,000 soldiers, a personal view of their loved boy who has enlisted for his country and humanity. By the simple process of a stupendous set of moving pictures Mr. Laemmle has made this possible. A close up view of every one of the whole 30,000,000 men was made. These pictures are to be distributed by states. In other words the people of Ohio will see the film showing a close-up of every man in the old Fourth Ohio National Guard, now the 166th Regiment A. E. F., Indiana will see their troops, etc., etc.

## FRANCE'S GREAT LOSS IN BUILDINGS

(Associated Press Correspondence)  
Paris, October 30.—More than 50,000 buildings had been demolished in France and more than 100,000 more or less damaged by bombardments and incendiary fires during the war, according to statistics completed up to the end of May. Sixty-three buildings classed as historical monuments had been destroyed. The total number of communes that had suffered from the invasion was 1223.

Arras, France, October 30.—Only 225 buildings of a former total of 4521 remain intact in Arras. During two and a half years of more or less continual bombardment, 962 buildings were completely demolished, 1595 were damaged beyond repair, while 1735 only can be made inhabitable without building from the ground.

U-Boat in Mid-ocean.  
New York, Nov. 14.—A second report of a submarine having been seen in mid-Atlantic was made public by the United States Hydrographic office. The submarine was seen 800 miles southeast of Halifax a week ago. It was previously reported 935 miles off Newfoundland.

# Stutson's Wonderful Semi-Annual Suit Sale

commences

## Tomorrow, November the 15

Who will not welcome this great event? We all know from past seasons how welcome these semi-annual suit sales are, and we are confident this one will be a record breaker. The five reasons why this sale will be bigger and greater than ever are: First—A variety of styles we have never been able to offer before. Second—A complete line of sizes which will enable us to fit perfectly all sizes from 16 to 54. Third—Many new styles that have just been received having little touches not shown on the earlier models. Fourth—More saleswomen to help you make selections. Fifth—Because more people know "There are never any disappointments in a Stutson Sale." To avoid confusion all suits of the same price will be assorted on racks to themselves, as follows:

**\$8.75**

The suits on this rack are worth twice as much and with prices soaring like they are at present, we are confident they will move swiftly.

**\$11.75**

Here we are sure many will make a selection for the values are unusual. Of course you will find a good assortment of styles and colors not only at this price, but every price.

**\$18.75**

Some of the best numbers of the season are to be had at this price, and while there are quite a number in all sizes, we do not believe they will last long.

**\$24.75**

In this lot there are values that will long be remembered. Many of these styles have just arrived and the person who makes a selection here is sure to be pleased.

**\$27.50**

Of course we are enthusiastic about all of these suits, and we have a right to be, for we know what wonderful values they are. In this assortment you will see individual styles representing much higher priced garments.

**\$34.50**

Here we are offering unusual styles indeed, made of the very best of fabrics and tailored to perfection. We also direct your attention to the many "Stylish Stout" suits to be found in this assortment.

**\$49.50**

We are offering you here the pride of the season. Distinctive styles, just one of a kind, but each a masterpiece. We are very, very proud indeed to exhibit these exclusive styles and we know the person that buys one of these will be just as proud to wear it.

Each and every suit will go in this sale, none will be restricted. When you stop to think that our entire stock of Wooltex, Redfern, Silver Style and other advertised lines will go, you cannot help but know it will be a most remarkable sale. A slight charge for alterations and none on approval

## THE PANOPLY OF MODERN WAR

TRENCH FASHIONS

Latest fashion note from the front in Flanders. Trench fashions are always changing, and to be in latest style one must be almost hidden under a combination of steel, leather, glass, piping and ruffles of cartridge belts. A tank a la flammewerfer worn on the back classes one as a leader in the latest fashion. Three years in the trenches has worked great changes in fighting front styles.

### HAVE IT HANDY FOR CROUP.

Grandmothers and mothers who have raised families of children have learned from experience that it pays to keep a bottle of Foley's Honey and Tar in the house ready for emergency. It gives prompt relief from dreaded croup attacks, checks coughs, soothes a sore throat, and keeps a safe medicine—no opiates. Blackmer & Tanquary. Adv.

## POLITICAL OFFENSIVES WHAT BAKER SAYS

(By American Press)

Washington, Nov. 14.—The effect of Germany's "political offensives" against Russia and Italy upon the task ahead of the allies is recognized in Secretary Baker's weekly review of military operations issued by the war department. Mr. Baker says: "In the east Germany is confining her effort to political propaganda. In the west she is on the defensive and on the Italian front a politico-military effort is combined. Further disintegration of the Russian forces will enable the Germans to stiffen their western resistance and greatly reinforce the forces operating in Italy."

"The importance of the British and French gains on the western line is very great, the French especially having penetrated the strongly fortified Siegfried line. An American artillery unit has been in contact with the enemy and has acquitted itself creditably. The Italian retreat has become more orderly and the morale of their armies is being rapidly restored. Russia's political upheaval made possible the Italian defeat. Germany had undermined the morale of the Italian troops."

## TURKEY FOR SOLDIERS

Paris, Nov. 14.—A large shipment of turkeys, mince meat, cranberries, nuts, raisins, oranges and sweet potatoes for the Thanksgiving dinner of the American soldiers has arrived in France. It will be distributed among the various instruction centers and villages where the troops are billeted. Other shipments will follow.

Christmas Cards to France must be mailed by Thursday the 15th. New assortment ready at Rodcker's News Stand.

## ANNUAL HOME-COMING AT OHIO WESLEYAN

Delaware, November 15.—Major Everson of the general staff at Camp Sherman will deliver a patriotic address at Ohio Wesleyan's annual homecoming which will be celebrated on Saturday, November 17, with Denison as the football opponent. General Glenn has granted all Wesleyan men at the camp a holiday to come back to their alma mater.

# AMERICAN SHIP SUNK BY U-BOAT

(By American Press)  
Washington, Nov. 14.—News of the destruction by a German submarine of the American steamer D. N. Luckenbach on Oct. 27 was brought to an American port by 28 survivors of the crew. The crew were killed.  
The ship was sunk in the Bay of Biscay, 80 miles from the French coast, by an unseen torpedo, whose explosion killed the five men, the survivors said. They were picked up by a Danish ship two days after the sinking.  
The steamship, owned by the Luckenbach Steamship company, was of 2,929 tons gross and was built in 1831 at New Castle, England. She left New York Oct. 13.  
Two other Luckenbach steamers have previously figured in submarine encounters. The Lewis Luckenbach was torpedoed and sunk early in October, with the loss of a naval gunner and nine of her crew. Another, the J. L. Luckenbach, escaped destruction with the aid of an American destroyer, after engaging a submarine in a four hour fight, in which seven of her crew and two naval gunners were wounded on Oct. 19.  
The five men killed on the D. N. Luckenbach were members of the engine room force. The survivors escaped in two small boats. They experienced rough weather with wind and snow and were in an exhausted condition when picked up by the Danish ship which brought them to this port.

# OHIO OFFICIALS ARE INDICTED FOR TAKING COAL

(By American Press)  
Cleveland, Nov. 14.—The federal grand jury sitting here returned indictments against Mayor Carmichael of Willoughby, O.; Prosecuting Attorney George C. Von Besler and Deputy Marshals James Barnes and Grant Lamor for impeding interstate commerce shipments and for conspiracy to commit such acts. All are charged with seizing New York Central railroad coal Nov. 1 and 2.  
Action by the jury follows the announcement of a few weeks ago by District Attorney Wertz that city and county officials have no right to confiscate coal and that the law of humanity, which forbids such confiscation, must be obeyed.  
Several freight trains were held up at Willoughby Nov. 2, the indictments charge, and engineers and conductors were arrested.  
Mayor Carmichael, it is stated, was told by Prosecutor Von Besler that he had a right to confiscate coal, who was quoted as saying that the law of humanity is greater than that of the government. Assistant District Attorney Cavanaugh says this advice and the action which apparently followed constitute the conspiracy with which the village officials are charged.  
The mayor, prosecuting attorney and deputy marshals would face, if convicted of conspiracy, penalties of \$10,000 fine, two years' imprisonment, or both. If convicted of holding up the trains, with which another set of indictments charges them, they would be liable to fines of \$100 and six months' imprisonment, or both.

# CHURCH HEADS MOVE TO SEND PAPERS

St. Andrews Church has started a movement to gather up and forward papers and magazines to Mr. Walter Patton in France. Mr. Patton is to be transferred to the company which contains our own boys and will personally see that the boys are given these much wanted periodicals and newspapers.  
The Episcopalians are urging people to send liberally of both magazines and papers and would also be grateful for the leaving of a few pennies with the papers. The express and postage figures much higher than had been expected and it is quite an expensive proposition for the few. If the many will contribute only a part it will be a big help.  
The Episcopalians are gladly undertaking the collecting and wrapping of the papers and are quite willing to share in the expense. There is nothing that our boys in France are hungering for like home news. This is an easy way to do "your bit."  
Send papers to St. Andrews Church on the corner of Fayette and East streets.

# HARTMAN THEATER

(COLUMBUS)  
Monday, Tuesday, Wednesday, Matinee Wednesday.—Barrie's One Act Plays.  
The one act plays by Sir J. M. Barrie, which made one of the biggest successes of the season, when they were presented at the Empire Theatre, New York, last spring, will be the unusually delighted attraction at the Hartman Theatre, Columbus, on Monday, Tuesday and Wednesday nights and Wednesday matinee, November 19, 20 and 21.  
The plays will be presented by the one and original company of highly distinguished players. The bill will include "The New Word," "The Old Lady Shows Her Medals" and an entirely new piece entitled "Barbara's Wedding."  
The two first named have never been seen anywhere in America, except New York. They have to do with the war.  
Both of these truly exquisite plays are written in Barrie's best vein, and the stories are told with all that beautiful humor and pathos of which he is past master. This is an engagement which no one will want to miss.  
Mail orders for seats are being received now.
